Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?*

It has helped me because it helps practice the core values in a workplace as well as a school setting. I feel like I knew everything that I needed to know.

Prompt option 2: *What is one new skill or piece of knowledge you've gained this week? How do you see yourself applying this in the future?*

I've learned more about presenting, and I will use this for future references when I am presenting.

Prompt option 3: *What are some of the differences you've noticed between a school environment and a professional work environment?*

That a school environment is more laid back and chill while in a work environment you need to worry less about conversations with peers and your friends and more about the task at hand.
