Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

**Prompt option 1:** *How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?*

The main classroom experience that helped prepare me was my social skills. I love meeting and talking to new people whenever I can. Being able to be surrounded by a group of unknown individuals did not make me uncomfortable nor did it affect me negatively when I was with new people. One thing I do wish I had learned prior to this internship was basic coding skills. Other than that, I've had a positive experience.
