Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

This internship has definitely exceeded my expectations all around because before coming here I didn't know how it would be and how the facility was or anything. But it has been an amazing experience and opportunity for me because I have learned so much already and it's very interesting to learn everyone's role and learn from the best. I definitely do have control over how this internship goes for me because at the end of the day I'm the one whose learning so it's in my control to ask questions and really interact with other people to understand and learn. That's something I really like because I feel like it's really independent.
