Day 6 Journal Entry

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Who have you met during your internship that has made an impact on you, and why?
Someone that I have met during my internship experience who really made an impact on me is Katie Riedesel, a project manager that volunteered to chat with me privately so I could ask questions about the development lifecycle. I know that she is a super busy person, probably with a completely full schedule, but she made time for me and was very patient with all my beginner level questions. She taught me about Agile and recommended tools like Trello and Gira so I could jump in right away. Because of her, I will be able to approach projects at school and at home with more confidence.
