Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: **How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.**
This internship is meeting my expectations because it opened my eyes to different experiences within the Red Hat community. Additionally, the project is introducing me to web development, something I have dabbled in but never taken seriously before. I believe I don't have control of this because I can't control the environment and what I'm exposed to within this internship.
